

BOW COVER INSTALLATION

NOTICE TO INSTALLER: Even if familiar with hardware, read instructions prior to installation as improvements may be made without notice. Always handle components with care. If you have questions or problems, call customer service. When done, these instructions must be given to the consumer.

NOTICE TO CONSUMER: Before using this product, read instructions. Save these instructions for future reference.

PREPARATION

COMPONENTS

- Bow cover
- (13) 6" Cable ties

TOOLS NEEDED

- Scissors
- Protective eyewear

▲ CAUTION: Disconnect power to electric tarp before installation, if applicable.

1: INSTALL BOW COVER

A. Place bow cover over bow and align lower edges of cover under bow.

NOTE: Bow covers are precut with extra material, trimming and additional punched holes 1" from both ends may be needed.

B. Install cable tie through first set of holes in bow cover, pull tight and trim excess cable tie.

C. Repeat for remaining holes.
