

TRIM PLATES

Enhance your ROCKSTAR™ Full Width and Commercial Tow Flaps with trim plates, crafted from high-quality mirrored stainless steel for a polished look. Built to resist corrosion and withstand harsh towing conditions. Each set includes stainless steel hardware for easy, secure installation. Trim plates provide a simple way to add a little more style to your towing setup.

See inside for instructions.

TRIM PLATE INSTRUCTIONS

TOOLS: Protective eyewear, drill with 5/16" bit and ratchet with 7/16" socket.

OPTIONAL TOOLS: Marking pen and scissors.

A. Place mud flaps on flat work surface (remove from vehicle if necessary) with rear side up.

B. Locate pin holes in mud flap, then drill 5/16" holes.

NOTE: If no pin holes are present, use template provided to mark holes.

C. Attach trim plate with studs and nylock flange nuts, fully tighten.

D. Repeat on opposite side.
