

# Bow Cover Instructions

**Tools Needed:** • Scissors  
• Protective Eyewear

## Installation Procedure

Step #1. Place cover over bow and line up lower edges of cover under the bow. (Figure 1)

(Figure 1)

Step #2. Install zip tie through first set of holes in bow cover, pull tight and trim excess strap from zip tie. (Figure 2 & 3)

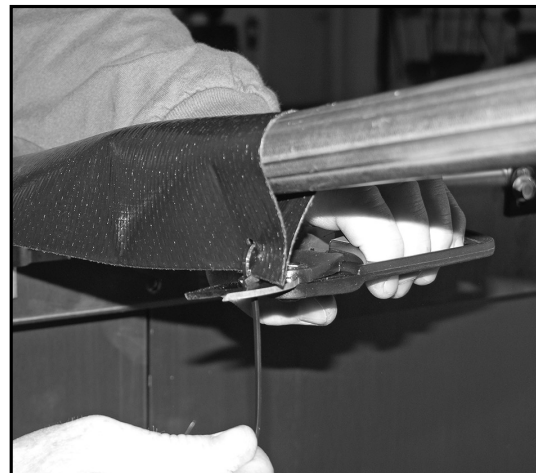

(Figure 2)

Step #3. Repeat Steps #1 & #2 for remaining holes.

Note: Bow covers are pre-cut with extra material and may need to be trimmed to fit. An additional hole may need to be punched to ensure bow cover is secured 1" from both ends.

Step #4. Repeat procedure for each bow.
